January February 2023 | Issue 005 | Redeemed Steel

## ANNOUNCEMENTS

As the new year starts out, we are off and running, seeking the Lord and sharing him with others. We have so much to do in 2023 and are excited to be on this journey with you.

For even more information, go to [www.redeemedsteel.com](http://www.redeemedsteel.com) to get involved or to start giving.

Incredible Cause. Incredible Crafts. Redeemed Steel.

## Inside this Issue

PG. 2

Starting this year, we are entering into a partnership with Ministerio Hispanio International to begin missions outreach in even more countries.

PG. 3

A look ahead to what is in store for 2023

# The Beginning of Something Special

Yellow Rose Forge has always been a part of Redeemed Steel. Billy Salyers, the founder and president of Redeemed Steel and his son JoJo Salyers are present in nearly every Redeemed Steel event, but up until recently, those events primarily involved travelling.

Travelling to other places is only going to happen more, but the places Redeemed Steel can go is expanding rapidly thanks to a partnership with Ministerio Hispanio International. Redeemed Steel encountered the good folks at MHI while doing a presentation at their church in Alabama.

The next thing you know, the guys of MHI are travelling to NC, staying at South Mountain Christian Camp and doing an intensive workshop on Biblical Masculinity all while forging knives with the guys of

## MHI and Redeemed Steel are excited to begin a partnership to reach multiple countries in Central and South America

An amazing group of men celebrating an amazing weekend of Bible study and Bladesmithing!

Yellow Rose Forge.

MHI and Redeemed Steel are excited to begin a partnership to reach multiple countries in Central and South America. Plans are just starting to form that will allow us to travel to countries we've never been to to share the gospel through the works of our hands and the word of our lips.

This will not only allow us to share the gospel, but will also allow us to lay the groundwork for more trade schools, where we will make a kingdom impact that will make a difference for generations.

This partnership also has allowed us to begin doing larger scale mens events in NC, where Redeemed Steel will have a base of operations in Yellow Rose Forge's new workshop. The guys of Yellow Rose Forge are building a new 6000 sq foot shop and are making it available free of charge to Redeemed Steel to have groups like MSI and others to come to them and share intense discipleship training events.

If the partnership with MSI is any indication, God is going to be doing so much more than we could have ever imagined.

# Coming This Year

In 2023, Redeemed Steel has plans for events in Alabama, Virginia, North Carolina, Montana, Costa Rica, and Guatemala.

Our first event is a couple of weeks of ministry in Costa Rica. We will be sharing the gospel through the art of smithing, doing prison ministry, and working alongside the metalworking community to conduct the countries second Redeemed Steel Hammer In.

JoJo sharing the art of smithing with kids at last year's Costa Rica Hammer In.

Our primary ministry event this year is partnering with ministries in Guatemala as we work towards the foundation of our first trade school. As of the time of the writing, we have raised about \$30k of around \$100k we need to build the school and supply it with the tools necessary to accomplish its vision.

We have a long list of volunteers ready to begin teaching, and rest assured, we are working to give them that chance as soon as possible.

If you would like to join us in Guatemala and even visit the site of the future school, we have a trip planned for November. We might have other opportunities as well. We are hoping to get there sooner and more often.

We are excited to share that we already have several other countries interested in having Redeemed Steel build schools as well.

Our priority is to establish the first school in Guatemala before moving to new locations, but we know that God has even more in store for us than we could imagine.

To join us on of our our mission trips, please call us at 828-289-6884 or email [redeemedsteel@gmail.com](mailto:redeemedsteel@gmail.com)

Artist's Rendering of the School itself.

## How You Can Help?

To reach our goals, we need help. If 250 people will commit to giving \$20 a month, we will be able to build this school and others, maybe even a school every year.
